TO INVESTIGATE WALL STREET.

President Orders H. K. Smith to Look
Into Stock Trading Methods.

Washington, March 12.—President Roosevelt has directed Herbert Knox Smith of the bureau of corporations to investigate the methods of stock trading with a view to furnishing the basis of possible future legislation regulating such practices.

The difficulty is recognized of attempting federal regulation of the transfer of stocks which will operate to curtail purely gambling contracts and at the same time work no hindrance to legitimate transfers, and it is for the purpose of proceeding on sound principles that the investigation is being made.

President Roosevelt has declared himself to be decidedly in favor of eliminating stock gambling.

**TIE SUPPLY GIVES THE
RAILROADS WORRY.**

Convention to Consider This and Other
Problems to be Held in
Chicago.

Chicago, March 12.—Railroad presi-
dents and vice-presidents, officials in
charge of operations and construction
engineers representing approximately
180,000 miles of the total of 220,000
miles of railroad in the United States
will meet with instructors and engineer-
ing experts of Cornell university and the
University of Wisconsin next week in
Chicago, at the ninth annual convention
of the American Railway Engineering
and Maintenance of Way Association.

The work of the convention will be
of importance to both the railroads of
the United States and foreign countries,
as the membership of the association in-
cludes railroad officials of Canada, Mex-
ico, Central and South America, Eng-
land, Germany, Russia, China, Japan,
Australia, Philippines, New Zealand, Af-
rica, Panama and Cuba.

Among the important problems to be
discussed will be tie and timber preser-
vation and the future policy with refer-
ence to the tie supply, forest manage-
ment for growing the tie timber, a sug-
gestion for a uniform and consistent sys-
tem of railway signalling, freight house
and warehouse for railway purposes,
inspection of bridges, reports and rec-
ords of inspection of bridges, and clas-
sification of bridges with reference to
safe carrying capacity.

FRENCH VICTORIES

UPSET PRETENDER.

Morish Tribesmen Deserting Mulai-Hadid
—For Itself Ready to
Turn.

Paris, March 12.—Government advices
received here from Morocco indicate
that the star of Mulai-Hadid, the so-
called Sultan of the South, is waning
fast. The reported victories of the
French forces, coupled with the indif-
ferent attitude displayed by Hadid, who
left the camp at Mech-El-Chair for a
period of five weeks, have created dis-
affection and resentment among his fol-
lowers. Two of the most powerful chiefs
in the south of Morocco, Glaoui and
Mtoug, are reported to be on the point
of deserting Hadid and are about to
make terms with Abd-El-Aziz, the sul-
tan of Morocco.

Sheikh El Kitan, who has been mas-
ter of the situation at Fez, is said to
have become discouraged at Hadid's fail-
ure to appear at Fez, and it is now be-
lieved that, if the troops of Gen. Bag-
dadi, chief of the Sultan's army, should
march on the Moorish capital, they would
take possession of the city in the
name of Sultan Abd-El-Aziz without
meeting much opposition.

Miller Confesses Continual Thefts for
Three Years All Over the Country,
After a Watch Is Found on
Him.

Chicago, March 12.—William Miller of
Ravina, Miss., said to be a college gradu-
ate, who was arrested here Saturday,
confessed Tuesday night that he has
been stealing for more than three years.
He said he had visited St. Paul, St.
Louis, New York, Boston, Kansas City
and other cities, committing thefts every-
where. He made the confession after a
watch found in his possession had been
identified by M. J. Jones as one stolen
from him about two weeks ago. In the
watch Jones had placed the picture of
his baby boy.

Miller came to Chicago about a month
ago. He confessed he had robbed a
number of persons during that time.

Welfare of Child Congress Also Hears
Reports from Foreign Delegates.

Washington, March 12.—First on yester-
day's program of the international
congress on the welfare of the child at
the forenoon session, held at the Metro-
politan Methodist Episcopal church, was
a conference of the national press com-
mittee of the society to discuss and for-
mulate plans for the promotion and ex-
tension throughout the country of the
press work of the congress.

The discussion was led by Miss Jane
A. Stewart of Philadelphia, national
press chairman, and Mrs. Mary Mills
West of Washington, national press cor-
respondent.

Later a business session was held and
amendments to the by-laws of the so-
ciety were proposed. The session closed
with the reading of the report of for-
eign delegates as follows: Mrs. Allan
Whitworth, London, Eng.; Miss Seavert
Callipieri, inspector of public schools for
girls in Greece; Mrs. A. W. Cooper, rep-
resenting the Siamese government, and
Mrs. L. L. Tribes, representing the Per-
sian government.

The Japanese Cruiser Idzumi Now at
Hong Kong.

Hong Kong, March 12.—In an inter-
view yesterday, the Japanese consul
laughed at the naval activity in con-
nection with the seizure of the Japanese
steamer Tatsu Maru. He believes that
the Tatsu will be released in a day or
two. A mass meeting has been called
at Canton to protest against the release
of the vessel. The victory of Canton
shares in the general indignation. The
witnesses of the seizure of the Tatsu
have been sent to Peking. The Tatsu is
still held at Shanghai. The Japanese

Evarts May Have Been After That \$2-
000,000 Paid Out in Salton Sea
Task—His Reception Evidently
Not to His Liking.

Washington, March 12.—Was Max-
well Evarts, attorney for E. H. Harri-
man, "stung" at the White House yester-
day? This is the question raised from
an episode at the executive office that
attracted much attention. Mr. Evarts,
boiled out of the White House in an
angry and excited state and was plainly
mad clear through. He called with H. C.
Cary, the engineer who has charge of
the repair of the break in the Colorado
river banks that caused the great loss
of the Salton sea. Senator Flint of
California was in the party.

Mr. Evarts wanted the government to
pay back the \$2,000,000 Mr. Harriman
spent to repair the break. Just what
passed is not disclosed, but it is under-
stood there was a dispute about details
of the situation, brought about by the
incident sending a special message last
year to Congress, recommending that
Harriman be repaid. The president is
now said to feel he has done all he
can and that it is up to Congress, while
Congress sits quietly by and does nothing.

GENERAL ARBITRATION TREATY.

The Senate Is to Pass on Each Issue
of It.

Washington, March 12.—Secretary
Root yesterday proposed to the Senate
committee on foreign relations that it
ratify the pending Hague treaty provid-
ing for general arbitration by the addi-
tion of a proviso that all issues to be
arbitrated must be separately submitted
to the Senate. Favorable reports were
ordered on the treaties respecting rules
of war on land and prohibiting projec-
tiles from balloons.

constitutionality of the pure food law
and the legality of the regulations pre-
scribed by Attorney General Bonaparte
in accordance with its provisions.

**HANDBOOKS AT BENNING'S
ARE UPHELD BY COURT.**

Judge Stafford Rules That This Form
of Betting Is Not Illegal.

Washington, March 12.—The present
method of bookmaking at the Benning's
race track meetings, under which the
bookmakers have to constantly move
about in the ring, was yesterday upheld
by a decision of Judge Stafford in the
Criminal court of the District. The de-
cision was in the case of John Waters,
a New York bookmaker, a test case,
framed to determine the legality of the
betting procedure at the track.

The court held that the present bet-
ting plan on the part of the books does
not constitute setting up a gambling
table, but merely constitutes bookmak-
ing and handbookmaking, which, while
unlawful within one mile of Washington,
is not unlawful at Benning's, which is be-
yond the limit.

National Committeemen All Talk of

Chicago, March 12.—The boomlet of
Gov. John A. Johnson of Minnesota
did not receive much impetus yesterday
at the conference of Democratic national
committeemen in Chicago. Everybody was
outwardly for Bryan, anyway.

"We don't know Gov. Johnson in Ne-
braska," said Mayor James C. Duhanan
of Omaha. "Nebraska is solid for Bryan."

"New York state wants Bryan, not
Johnson," said National Committeeman
Norman E. Mack.

"Bryan will get the solid South," said
Committeeman Clark Howell of Georgia.
C. W. Franklin of Denver explained
the plans perfected by the local organi-
zation of the convention city. He ex-
hibited a plan showing the seating ca-
pacity, which calls for 11,822 registered

**REPORTS IN FAVOR OF
AGNEW BILL ON GAMBLING.**

Committee on Codes Amends the New
York Measure So That It Does
Not Take Effect Until
Sept. 1.

Albany, N. Y., March 12.—The Senate
committee on codes yesterday reported
favorably the Agnew bill to fix a pen-
alty of imprisonment only for gambling
in connection with horse racing.

The bill as reported is amended so
as not to take effect until Sept. 1. This
amendment was adopted by a vote of
four to three.

This amendment, while pressed by
the opponents of the legislation recom-
mended by the governor, nevertheless
makes the operation of the bill cor-
respond with the usual rule of code
amendments, which almost invariably
are drawn to take effect Sept. 1, but
if adopted would exempt the majority
of this summer's racing schedules from
the anti-gambling legislation. The final
vote on the report of the amended bill
was five to two.

All along it had been expected that
the last-ditch stand of the race-track
interests would be an effort to postpone
the operations of these anti-bet-
ting laws, and it had been the idea that
the bills would be made to take effect
on Jan. 1 next after Gov. Hughes had
retired from office. Then it was ex-
pected that the next legislature and the
next governor would postpone further
the operation of this legislation, if not
repeal it altogether.

NOT INSTRUCTED.

Delegates of All but Four Boston Wards
Will Be Free.

Boston, March 12.—The opening of
nominations papers for delegates to the
Republican state and district conven-
tions disclosed yesterday the fact that
from 21 out of the 25 wards of the
city the delegates are not instructed to
favor any particular one of the possibil-
ities when they vote in Chicago.

The factors favoring non-instruction
of delegates regarded this as something
of a victory. The delegates mentioned
included the greater part of the repre-
sentation of the 9th, 10th and 11th
congressional districts. The state dis-
trict conventions will be held next
month.

mitted twenty-six official dispatches to

not indicated, but it must be within

Drinking Men Not Wanted

The above sign is now seen in many

MESSAGE ON BROWNSVILLE

President Says His Views
Are Corroborated

HE URGES MORE TIME

For Soldiers to Obtain Reinstatement—
Applicants, as Before, Must Show
Innocence and That Have Not
Withheld Information.

Washington, March 12.—In connection
with the report of the senate committee
on military affairs on the Brownsville
riot, which was made to the Senate yester-
day, the president transmitted a
message, in which he said that the facts
set forth in his order dismissing the
Negro soldiers had been substantiated
by the testimony before the committee.
He recommended in his message that the
time for the reinstatement of the dis-
charged soldiers which has expired, be
extended for a year in order to permit
the president to reinstate any of the dis-
charged men who did not fall within the
terms of his dismissal. Senator Warren
presented the report to the committee
on behalf of the majority and Senator
Foraker the views of the minority.

The following is the text of the presi-
dent's message:

To the Senate:

On Dec. 12, 1906, the Secretary of
War, by my direction, issued the following
order:

"Applications to re-enlist from former
members of Companies B, C and D,
Twenty-fifth infantry, who were dis-
charged under provisions of special orders,
No. 266, War Department, Nov. 9,
1906, must be made in writing and be
accompanied by such evidence, also in
writing, as the applicant may desire to
submit to show that he was neither im-
plicated in the riot on Brownsville,
Tex., on the night of Aug. 13, 1906, nor
withheld any evidence that might lead
to the discovery of the perpetrators
thereof."

Proceedings were begun under this or-
der; but shortly thereafter an investiga-
tion was directed by the Senate, and the
proceedings under the order were stop-
ped. The Senate committee entrusted
with the work has now completed its in-
vestigation, and finds that the facts upon
which my order of discharge of Nov.
9, 1906, was based, are substantiated by
the evidence. The testimony secured by
the committee is therefore now avail-
able, and I desire to revise the order of
Dec. 12, 1906, and to have it carried
out in whatever shape may be necessary
to achieve the purpose therein set forth
and any additional evidence being taken
which may be of aid in the ascertain-
ment of the truth. The time limit dur-
ing which it is possible to reinstate
an individual soldier in accordance with
the terms of the order, has, however, ex-
pired. I therefore, recommend the pas-
sage of a law extending this time limit
so far as the soldiers concerned are af-
fected, until a year after the passage
of the law, and permitting the reinstatement
by direction of the president of
any man who in his judgment shall ap-
pear not to be within the class whose
discharge was deemed necessary in order
to maintain the discipline and morale
of the army.

Theodore Roosevelt,
President.

The White House, March 11, 1908.

The majority report contended that
the shooting was done by some soldiers
of the Twenty-fifth infantry, though
the testimony fails to identify the par-
ticular participants. It states first, de-
spite considerable contradictory testi-
mony, the majority's case is proved. The
principal majority report, presented by
Senator Scott, recommends that the
Negro soldiers be restored, as it has
been impossible to ascertain who did
the shooting. Senators Foraker and
Bulkeley joined in a supplemental report
declaring that the testimony of eye-
witnesses against the Negro soldiers is
unreliable, and that weight of evidence
shows none of the Negro soldiers partici-
pated. A supplemental report by Sen-
ators Warren, Lodge, Warner and Du-
pont declares the evidence shows the
assault was perpetrated by members of
the battalion, but that it is reasonable
to believe that all of the soldiers were
not concerned, and recommends resto-
ration of all rights and privileges to the
innocent men. This and the Foraker re-
port include remedial bills.

When the reports had been read, Sen-
ator Tillman expressed the desire that
all of them might be printed as one
document and that the president's mes-
sage "taking back" his order of dis-
charge be printed with them. He said
he would be the entire report for the
benefit of "the nigger." Senator Bailey
observed that "there seems to be a race
of diligence to see who could best satirize
the dissatisfied Republicans before
the beginning of the coming campaign."

Senator Warren stated that the mili-
tary committee was preparing to intro-
duce a bill restoring the rights of the
discharged soldiers, authorizing their re-
instatement and providing pay from the
time of their re-entering the service.

pany Tuesday was fined \$13,000 by
